

**WEAVING
FANTABULOUS
DREAMS FOR 26 YEARS**

The image shows a large, multi-story industrial building, likely a production facility for AZ APPARELS. The building is light-colored with many windows. A prominent feature is a red, multi-level staircase structure that runs vertically along the side of the building. The building is situated on a grassy area, and there are other buildings visible in the background. The sky is blue with some clouds. The overall scene is well-lit, suggesting daytime.

AZ APPARELS hosts a production facility of 10 floors with 1,24,000 square feet. The facility possesses an in-house embroidery. In addition AZ APPARELS is capable of producing 700,000 of units per month from Casual to Formal, tops to bottoms, for all genders and all ages, employing a workforce of over 3000. Our employees are also provided free lunch for their convenience and comfort. All floors are well equipped with fire fighting facilities and adequate exits to ensure fire safety.

WE PROMISE TO SEW YOUR ATTIRE WITH QUALITY AND WE VOW TO PROVIDE YOUR GOODS ON TIME

Assuring Quality Is Our Priority

AZ Apparels is maintaining the quality that international brands require. Moreover, we maintain the highest level of quality, over the years, by following some regulations in the production lines. Rules that have translated to the success in the RMG industry.

Dedicated Team Members

- AZ Apparels employs a workforce of over 3000 people and our current capacity is 700,000 pcs of garments monthly with fully automated sewing machine. We are competent and provide training to emphasize on delivering only the highest quality possible. The IE & Planning teams assist the employees with Strict Minute Value and Standard Hours Earned-based costing.

- The Merchandising wing is aided by an experienced Marketing team, well groomed against the backdrop of international trade, with the entire process augmented by an efficient and strict Finance and Commercial Department.

- The IT team has been trained over years to work with customized Oracle software for better tracking of goods, right from order placement to shipping out, while the in-house C&F Team in both Dhaka & Chittagong in lieu with our transportation unit ensure firm grip on lead-time.

- The production staff is composed of a blend of the young experienced with focus on productivity and efficiency. They sketch, grade, make markers and spread cloth with practiced efficiency, savings costs with every skilled cut and sew. Shipments are cleared deftly by our expert C&F squad who cut back on the lead time and provide us a competitive edge.

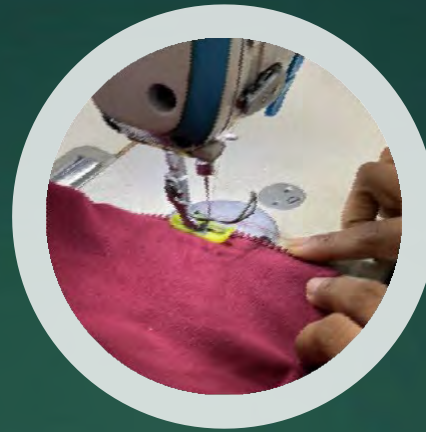

- Above all, a well experienced top management team is closely following up on every department and in touch with the worker's needs as well as the company vision and the requirements of our customers.

A personalized system of quality control, derived from Best in Class quality procedures of the renowned brands

Dedicated Guideline for Production and Quality Control (GPQ) teams work round the clock for each buyer to ensure the required standard of product and timely delivery

An independent final audit team audits every two hours with 2.5 AQL to ensure the highest sewing and finishing quality, reporting to the top management only.

95 quality assessment personnel are stationed at various strategic points – from inline to final garment form – to ensure the preservation of the standard of quality.

With this facility to add value for our buyers in the fast and cost sensitive industry we've introduced this design studio which we call the fashion Hub. We have a wide range of product development capabilities. Furthermore, We utilize progressive tools such as CAD-CAM to meet specific price points and achieve quality. As we take research data buyers instructions and customers input from all around the globe and execute it here to create the customers garments and ship to any part of the world.

OUR CORPORATE OFFICE

We hustle everyday to serve our customers in our corporate office. Our merchandiser and product developers work as a team to make quality goods into reality and find ways to lowest cost. Moreover, our team work closely with our customers to cater a customised need, to design according to their range plan and mood board.

OTHERS

1. Our buyers are our priority. Therefore, we have recently launched the helipad next to our Industrial land so that our customers find it convenient to come to our factory directly on chopper.

2. The only way to do great work is love and an environmental friendly workplace as a result we have introduced this green terrace for our corporate employees so that they can work together with a big smile on their face.
